

## INTRODUCTION OF THE CEO

Mr. Dr. Omid Eftekhari, a well-known figure in the field of trade and industry, with a history of fifteen years of continuous activity as an economic activist and manager in ports across the country, is among the prominent economic activists in the field of commerce and oil derivatives. In addition, he has spent a fruitful decade in the field of oil and oil derivatives production, and now He has expanded the scope of his activities to Razavi Khorasan province and neighboring cities.

In 2021, Dr. Omid Eftekhari, with a firm determination and deep commitment to the growth and development of the country and the creation of sustainable employment, established Eftekhar Toos Petroleum

Refining and the production line of this complex was launched. This valuable action is a symbol of his creativity, innovation and commitment to the prosperity of Iran.

His years of activity as an economic activist and manager are evidence of his experience and expertise in the fields of commerce, oil and oil derivatives.

The establishment of Eftekhar Toos Petroleum Refining is a sign of Dr. Eftekhari's initiative, creativity and courage in the path of creating value and wealth.

Commitment to sustainable development: His activities in line with the economic development of the region and the creation of job opportunities show his deep commitment to the future of Iran and the prosperity of the country.

Dr. Omid Eftekhari is undoubtedly a valuable role model for the young generation in the fields of entrepreneurship and production. His efforts and initiatives in the path of development and prosperity of the country are praiseworthy and inspiring.

# EFTEKHAR TOOS PETROLEUM REFINING

In 2021, Eftekhar Toos Petroleum Refining company succeeded in obtaining an establishment license from the Industry, Mining and Trade Organization with the aim of creating a suitable platform for the completion of national projects and for the production of petroleum derivatives obtained from the cutting of gas condensates. And with the help of graduates, professors and faculty members of the country's top universities, in June 2022, he succeeded in obtaining a license for the exploitation of hydrocarbons obtained from the cutting of gas condensates.

With the approach of social and economic growth, this group has succeeded in creating 2000 job positions by recruiting 200 local workers and training personnel, and the development plans of this company to create more job positions are being implemented.

## COMMITMENT TO QUALITY

At "Eftekhar Toos Petroleum Refining" we are committed to providing high quality products to our customers. from the point of origin to the point of destination , we apply quality control as a basic principle in all the processes of production and distribution of our products.

Using advanced and modern equipment and relying on the technical knowledge of our experienced experts, we apply strict quality control in all stages of production and distribution of our products. This is done to ensure that our products meet the highest quality standards and customer needs.
